STUDENT A

'All the human and animal manure which the world wastes, if returned to the land, instead of being thrown into the sea, would suffice to nourish the world' VICTOR HUGO

Do you agree with the quotation above? Are we, as individuals, doing enough as regards recycling? What could be done?

What are the main threats to the environment? Discuss the list below and try to reach an agreement with your partner on the three aspects having the most detrimental impact on the environment.

- Overpopulation
- Overconsumption
- Irrigation
- Meat production
- Industry
- Light pollution
