*'It is not about gender, it is about experience, leadership and vision'* (Angela Ahrendts)

How do you feel about the quotation above? How do you feel about the gender gap? Consider the following questions to help you express your point of view.

- What are the main differences between women and men's roles in today's society?
- Have you ever felt discriminated against for gender reasons or witnessed any discrimination around you?
- Do you think the situation of gender equality is looking up in your country? Why or why not?
